## **Comment Addendum to Inspection Report**

Establishment Name: HARRIS TEETER FOOD STAND #155 DELI Establishment ID: 3034020226

Date: 03/16/2023 Time In: 9:35 AM Time Out: 11:10 AM

## **Observations and Corrective Actions**

Violations cited in this report must be corrected within the time frames below, or as stated in sections 8-405.11 of the food code.

- 4-602.11 Equipment Food-Contact Surfaces and Utensils Frequency (P) PIC states that slicers are only broken down and fully washed, rinsed and sanitized at the end of the day. Throughout the day the slicers are just cleaned in place with sanitizer and a cloth. Food-contact equipment that contacts TCS foods must be washed, rinsed and sanitized at least every 4 hours. CDI PIC educated on requirement and will break down and wash slicers by 12:30PM. REPEAT
- 21 3-501.16 (A) (1) Time / Temperature Control for Safety Food, Hot and Cold Holding (P) All TCS foods in hot holding unit were below 135F (ribs and rotisserie chickens). Unit does not appear to be functioning properly. TCS foods in hot holding shall measure at least 135F. CDI Items placed on temporary TPHC and will be discarded within 2 hours. REPEAT
- 22 3-501.16 (A) (2) and (B) Time / Temperature Control for Safety Food, Hot and Cold Holding (P) 1 container of pork ribs measured 45F in retail cooler. TCS foods in cold holding shall measure 41F or less. CDI Ribs discarded by PIC. 0 pts.
- 23 3-501.17 Ready-To-Eat Time / Temperature Control for Safety Food, Date Marking (Pf) Roast beef, ham and turkey at sub station were missing date labels. PIC states they were prepared yesterday. TCS ready-to-eat foods must be labelled with date if held over 24 hours. CDI PIC educated and dated pans. // 3-501.18 Ready-To-Eat Time / Temperature Control for Safety Food, Disposition (P) Chicken in retail cooler had today's date on the container, but PIC states the chicken was actually cooked yesterday. Also, in the display cooler, 1 portion of roast beef was opened 3-5, and a portion of ham was opened on 3-8. TCS ready-to-eat foods must be discarded within 7 days of preparation/opening or if the date label is incorrect. CDI Chicken date corrected by PIC and roast beef and ham discarded.
- 47 4-501.11 Good Repair and Proper Adjustment Equipment (C) Hot holding unit was not functioning properly as all food in unit was below 135F. Repair hot holding unit. 0 pts.
